14-Aug-09	7-Aug-09	Broadband Technology Opportunities Program		0660-ZA28	11.557			1,600,000,000	States, local governments, or any agency, subdivision, instrumentality, or political subdivision thereof; D.C.; Federally Recognized Tribes; Non-Profits; Corporations; LLCs; & Cooperatives	BTOP provides grants to support the deployment of broadband infrastructure in unserved and underserved areas, to enhance broadband capacity at public computer centers, and to encourage sustainable adoption of broadband service. Through this support, BTOP will also advance the Recovery Act's objectives to spur job creation and stimulate long-term economic growth and opportunity.
14-Aug-09	7-Aug-09	State Broadband Data and Development Grant Program	Department of Commerce	0660-ZA29	11.558	1,900,000	4,300,000	240,000,000	A single entity designated by the State for the responsibility of mapping.	The State Broadband Data and Development Grant Program is a competitive, merit-based matching grant program that implements the joint purposes of the Recovery Act and the Broadband Data Improvement Act through the award of grants. This Program is designed to fund projects that gather comprehensive and accurate state-level broadband mapping data, develop state-level broadband maps, aid in the development and maintenance of a national broadband map, and fund statewide initiatives for broadband planning.

14-Aug-09	7-Aug-09	Recovery Act - State Labor Market Information Improvement Grants	Employment and Training Administration	SGA-DFA-PY-08-17	17.275	750,000	4,000,000	50,000,000	State Workforce Agencies	The Department of Labor (DOL) announces the availability of approximately \$50 million in grant funds for the Workforce Agencies of the 50 States, the District of Columbia, and U.S. Territories, or a consortium of such agencies, to collect, analyze, and disseminate labor market information, and to enhance the labor exchange infrastructure for careers within the energy efficiency and renewable energy industries. The eligible applicant for this grant solicitation is the State Workforce Agency, as States are expected to use workforce and labor market information and data as the foundation on which to build and implement effective workforce development strategies. This SGA encourages collaborative approaches, whereby multiple States apply as a consortium to conduct research that may potentially have a multi-State or national impact. ETA intends to fund individual State grants ranging from approximately \$750,000 to \$1,250,000. Individual grant awards to consortium applicants will range from \$2 to \$4 million, contingent upon an adequate justification of proposed project needs and the availability of resources.
14-Aug-09	7-Aug-09	Recovery Act - Yuki Wilderness Area Excavation	Department of the Interior	BLM-CA-NOI-09-2011	15.225	1,000	55,000	55,000	Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education	The local non-profit group will employ local contractors and equipment to stimulate the local economy and to improve the wilderness characteristics and prevent motorized vehicle use within the newly designated Yuki Wilderness Area which has currently resulted in resource damage and the degradation of wilderness values.

15-Aug-09	8-Aug-09	ARRA - State Primary Care Offices	Health Resources & Services Administration	HRSA-09-277	93.414			2,000,000	State Primary Care Offices that operate solely within one State or territory that provide statewide coverage for primary health care issues and represent or have relationships with the broad range of primary health care delivery systems and programs in the State.	The purpose of this new formula award is to assist State Primary Care Offices (PCO) in the coordination of activities within their state/ U.S. Territory as it relates to the delivery of primary care services and the recruitment and retention of critical health care providers. The American Recovery & Reinvestment Act (ARRA) funds dedicated to strengthening the primary care workforce administered through the National Health Service Corps (NHSC) represents a significant increase in support activities by the PCOs in order to meet the demand to recruit new clinicians into the program and facilitate matching them to eligible sites. As part of on-going NHSC Site Recruitment and Retention (R&R) application process, PCOs currently review all site applications for NHSC R&R assistance. The doubling of the NHSC field strength as the result of ARRA funding will result in a concurrent doubling of workload for PCOs to meet this increased demand for new and renewal of previously approved sites
15-Aug-09	8-Aug-09	Recovery: State Energy Efficient Appliance Rebate Program (SEEARP)	Idaho Field Office	DE-FOA-0000119	81.127	100,000	37,000,000	296,000,000	State governments	The Recovery Act provides \$296M to implement Section 124 of the Energy Policy Act of 2005 (EPA 2005) establishing DOE support for States rebate programs for residential ENERGY STAR appliance products (those that represent improvements in efficiency compared to the majority of products in the market). States will receive formula-based funding to establish or supplement established ENERGY STAR appliance rebate programs. Federal funds, awarded from this FOA, may be used to pay up to 50% of the administrative costs to carry out the rebate program. The Appliance Rebate Program Objectives are: * Save energy by encouraging appliance replacement through consumer rebates * Make rebates available to consumers * Enhance existing rebate programs by leveraging ENERGY STAR national partner relationships and local program infrastructure * Keep administrative costs low while adhering to monitoring and evaluation requirements * Promote state and national tracking and accountability * Use existing ENERGY STAR consumer education and outreach materials

17-Aug-09	10-Aug-09	RECOVERY ACT - DOI - NATIONAL PARK SERVICE REPAIR DETERIORATING HIKING TRAILS SLEEPING BEAR DUNES NATIONAL LAKESHORE	National Park Service	NPS-ARRANOI6620090001	15.931	25,000	100,000		Public Land Corps or Youth Corps organizations	National Park Service Recovery Act Project - At Sleeping Bear Dunes National Lakeshore youth corps personnel will work with park personnel to repair 15 miles of trails including sections of the Platte Plains, Good Harbor Bay, Shauger Hill, and North Manitou Island trails. Trails will be brushed, tread surfaces repaired and erosion control devices cleaned, repaired, and installed. Purchase and install trail markers. Signs will be repaired or replaced. NOTICE OF INTENT TO AWARD: This award is being made in accordance with the approved streamlined competition procedures for youth projects under ARRA. Northwest Michigan Youth Conservation Corps (NMYCC) hires students from the immediate area which enhances their ability to respond timely. This also benefits the youth by increasing the potential for an ongoing working relationship. Our work further enhances capability to leverage other funds and demonstrate sustainability supported by their successful competition for other funds. Their technical capabilities are ideally suited for the nature of this project. They have experience in building trails and restoring disturbed areas with native plantings. The organization is reaching a diverse work force including economically disadvantaged of all genders and ethnicity in the State with the highest current unemployment rate (See 16 USC Section 1723(c)(2)(b))
17-Aug-09	10-Aug-09	Recovery Act - Solid-State Lighting Product Development - Round VI	National Energy Technology Laboratory	DE-FOA-0000055	81.086		-	-	Unrestricted	The objective of this Announcement is product development of general illumination SSL sources, luminaires, and enabling products. Product development is the systematic use of knowledge gained from basic and applied research to develop or improve commercially viable materials, devices, or systems

24-Aug-09	17-Aug-09	Recovery Act - Solid State Lighting U.S. Manufacturing - Round 1	National Energy Technology Laboratory	DE-FOA-0000057	81.086				All types of domestic entities are eligible to apply, except other Federal agencies, Federally Funded R&D Center (FFRDC) Contractors, and section 501(c)(4)'s of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995.	The objective of this Funding Opportunity Announcement (FOA) is to achieve cost reduction of solid-state lighting for general illumination through improvements in manufacturing equipment, processes, or techniques. It is anticipated that success will lead to a more rapid adoption/installation of high-quality SSL products resulting in a significant reduction of energy use and a corresponding reduction of environmental pollutants. A secondary objective is to maintain, in the case of light emitting diodes (LEDs), or establish, in the case of organic light emitting diodes (OLEDs), the manufacturing and technology base within the US.

25-Aug-09	18-Aug-09	HSIPR Program: Track 3 - Planning	DOT/Federal Railroad Administration	10437	20.317	-	-	-	State governments	This notice builds on this "Vision for High-Speed Rail" (available on FRA's website) by detailing the application requirements and procedures for obtaining funding for high-speed rail projects under the American Recovery and Reinvestment Act of 2009 (ARRA) and the Department of Transportation Appropriations Acts of 2008 and 2009 (FY 2008/2009 DOT Appropriations Acts), while laying the foundation for a longer-term program to establish a network of high-speed rail corridors. The evaluation and selection criteria in this notice are intended to prioritize projects that deliver transportation, economic recovery and other public benefits, including energy independence, environmental quality, and livable communities; ensure project success through effective project management, financial planning and stakeholder commitments; and emphasize a balanced approach to project types, locations, innovation, and timing. This notice describes multiple funding paths to accommodate projects at different stages of development, while also rationalizing the variety of statutory and administrative requirements underpinning the program. FRA recognizes the unique challenges and opportunities presented, and will seek, to the maximum extent permitted under law and administrative procedures, to work collaboratively with applicants and stakeholders throughout the process.

28-Aug-09	21-Aug-09	RECOVERY ACT - Repair Ice Age Trail	National Park Service	A6281090100	00.000 -- Not Elsewhere Classified	20,000	20,000	20,000	States, County, Cities or Township Gov'ts, Nonprofits other than higher education, Individuals	The maintenance work to be accomplished on three segments of the Ice Age NST is a continuation of the long-term stewardship of the trail by the volunteers of the Ice Age Park and Trail Foundation. The purpose is to repair and replace trail structures (bridges, boardwalks) that have deteriorated and become unsafe, and to provide a quality experience to those who use the trail. The local volunteers have identified this work as needed to maintain the sections they are responsible for in a safe and sustainable condition for trail users. Congress clearly intends that the Ice Age NST should be maintained by volunteers.

30-Aug-09	23-Aug-09	Public Housing Capital Fund	US Department of Housing and Urban Development	HUD-RA-05	14.884			995,000,000	public housing agencies	To provide funds for the capital and management activities of Public Housing Agencies as authorized under section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g) (the "Act"), with the exception that funds cannot be used for operations or rental assistance. The funds shall be awarded by competition for priority investments, including investments that leverage private sector funding or financing for renovations and energy conservation. Funds shall be obligated through competitive funding by September 30, 2009. Public housing authorities shall give priority to capital projects that can award contracts based on bids within 120 days from the date the funds are made available to the public housing authorities. Public housing agencies shall prioritize capital projects that are already underway or included in the 5-year capital fund plans required by the Act (42 U.S.C. 1437c-1(a)). Funds provided under this heading shall serve to supplement and not supplant expenditures from other Federal, State, or local sources or funds independently generated by the grantees.
1-Sep-09	25-Aug-09	Recovery Act Limited Competition: Small Business Catalyst Awards for Accelerating Innovative Research (R43)	National Institutes of Health	RFA-OD-09-009	93.701				Small businesses	This NIH Funding Opportunity Announcement (FOA), supported by funds provided to the NIH under the American Recovery and Reinvestment Act of 2009 (Recovery Act or ARRA), Public Law 111-5, invites grant applications from small business concerns that propose to accelerate innovation through high risk, high reward research and development (R and D) that has commercial potential and is relevant to the mission of the NIH. The Small Business Catalyst Award is further expected to support entrepreneurs of exceptional creativity, drawn from scientific and technological environments beyond NIH, who propose pioneering and possibly transformative approaches to addressing major biomedical or behavioral challenges with the potential for downstream commercial development.

1-Sep-09	25-Aug-09	Recovery Act: Training Program Development for Commercial Building Equipment Technicians, Building Operators, and Energy Commissioning Agents/Auditors	National Energy Technology Laboratory	DE-FOA-0000118	81.086			7,500,000	All types of entities are eligible to apply, except other Federal agencies, Federally Funded R&D Center (FFRDC) Contractors, and 501(c)(4)'s of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995. See link for further details.	Apply through Fedconnect.net. The Department of Energy (DOE) National Energy Technology Laboratory (NETL), on behalf of the Office of Energy Efficiency and Renewable Energy's (EERE's) Building Technologies Program (BTP), is seeking applications for projects that focus on developing training programs for various building specialists. The programs shall use existing curricula or develop new training curricula for their course content. To achieve the full potential of energy efficient (and eventual net zero-energy) buildings, our Nation needs commercial building equipment technicians, operators, and energy commissioning agents/auditors who know how to properly run and tune building systems. The combination of efficient operations and advanced design will improve the internal built environment: its energy use, comfort, safety, and environmental impact. Given the subject matter expertise of the Building Technologies staff as well as an extensive stakeholder network, the Department of Energy is uniquely positioned to execute this initiative and add value. See link for more details.

1-Sep-09	25-Aug-09	Recovery Act Limited Competition: Biomedical Research, Development, and Growth to Spur the Acceleration of New Technologies (BRDG-SPAN) Pilot Program (RC3)	National Institutes of Health	RFA-OD-09-008	93.701		1,000,000		For profits other than small businesses, small businesses	This program aims to accelerate the transition of research innovations and technologies toward the development of products or services that will improve human health, help advance the mission of NIH and its Institutes and Centers (ICs), and create significant value and economic stimulus. This program also aims to foster partnerships among a variety of research and development (R and D) collaborators working toward these aims. Mechanism of Support. This FOA will utilize the RC3 grant mechanism. Funds Available and Anticipated Number of Awards. Contingent upon the submission of a sufficient number of scientifically meritorious applications, NIH intends to commit at least \$35 million in response to this FOA. We anticipate that at least 10 awards will be made in fiscal year 2010, pending the number and quality of applications and availability of funds. As a pilot, an evaluation will be necessary before any reissuance of this FOA; any reissuance is also predicated on funds availability. Applications received under this FOA may be given funding priority if the project is deemed to have high commercial potential to be developed into a product or service as indicated by the underserved need being addressed, the lack of alternative resources in the market and/or the applicants ability to secure funding or in-kind support from an independent third-party investor and/or strategic partner.

3-Sep-09	27-Aug-09	Recovery Act: Community Renewable Energy Deployment	Golden Field Office	DE-FOA-0000122	81.087	5,000,000	21,450,000	21,450,000	State, County, City or township governments, federally recognized Tribal Governments	The purpose of this FOA is to move EERE toward one of its goals to improve knowledge and to promote acceleration of market adoption of renewable energy (RE) technologies. This FOA supports implementation of the Recovery Act by creating jobs, promoting economic recovery, and investing in renewable energy infrastructure. Projects should address the technical, economic, and policy barriers to implementing a combination of renewable energy technologies into one integrated solution for a community to reduce its carbon footprint. Projects should support and enable the deployment goals across the portfolio of EERE's renewable energy programs, with the intent of creating examples that can be further replicated by other communities, nationally and internationally. Eligible renewable energy technologies for purposes of this FOA include but are not limited to, electric or thermal energy generated from solar, wind, biomass, landfill gas, ocean (including tidal, wave, current, and thermal), geothermal, or new hydroelectric generation capacity achieved from increased efficiency or additions of new capacity at an existing hydroelectric project, as defined in EPCA 2005. 4-Sep-09	28-Aug-09	Recovery Act - Energy Training Partnership Grants	Employment and Training Administration	SGA-DFA-PY-08-18	17.275	2,000,000	5,000,000	100,000,000	National labor-management organizations with local networks; Statewide or local nonprofit partnerships	Under the American Recovery and Reinvestment Act of 2009 (the Recovery Act), DOL announces the availability of approximately \$100 million in grant funds to 20-30 projects ranging from approximately \$2 to \$5 million each. Projects will provide training and placement services in the energy efficiency and renewable energy industries for workers impacted by national energy and environmental policy, individuals in need of updated training related to the energy efficiency and renewable energy industries, and unemployed workers. Proposed projects must be developed and implemented through strategic partnerships. Energy Training Partnership funds are intended to provide training for workers that prepares them to enter the energy efficiency and renewable energy industries, as well as green occupations within other industries, as described in the Supplementary Information: Part B of this SGA. Individuals eligible for training include workers impacted by national energy and environmental policy, individuals in need of updated training related to the energy efficiency and renewable energy industries, and unemployed workers. A portion of the funds under this SGA will be reserved (as described in Section II, Award Information) for projects serving communities impacted by automotive-related restructuring
4-Sep-09	28-Aug-09	RECOVERY ACT (ARRA)- Applications for Phase I SBIR/STTR Grants Annual Phase I Small Business Innovation Research (SBIR) Small Business Technology Transfer (STTR)	Chicago Service Center	DE-PS02-09ER09-27	81.049		150,000		Small businesses	Phase I: Phase I grants resulting from this competition will be made during calendar year 2009 to small businesses, in amounts up to \$150,000. Phase I is to evaluate, insofar as possible, the scientific or technical merit and feasibility of ideas that appear to have commercial potential.

9-Sep-09	2-Sep-09	Recovery Act - Systems Level Technology Development, Integration, and Demonstration for Efficient Class 8 Trucks (SuperTruck) and Advanced Technology Powertrains For Light-Duty Vehicles (ATP-LD)	National Energy Technology Laboratory	DE-FOA-0000079	81.087	45,000	95,000		All types of entities are eligible to apply, except other Federal agencies, Federally Funded Research and Development Center (FFRDC) Contractors, and nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995.	The goal of Area of Interest 1 is to develop and demonstrate a 50% improvement in overall freight efficiency on a heavy-duty Class 8 tractor-trailer measured in ton-miles per gallon. This improvement will be achieved through the application of advanced vehicle system technologies and advanced engine technologies. At least 20% of the improvement will be through the development of an engine capable of achieving 50% Brake Thermal Efficiency (BTE). Over the 3 to 5 year period of this activity, the selected participants will develop, test, and ultimately demonstrate these advanced technologies on a full-scale vehicle. The goal of Area of Interest 2 is to accelerate the development of cost-competitive engine and powertrain systems for light-duty vehicles capable of attaining breakthrough thermal efficiencies while meeting future emissions standards. Development of the engine and powertrain system can include improvements to in-cylinder combustion, engine mechanics, waste heat recovery, friction reduction, emission control, fuels, materials, electrification, and reduced ancillary load requirements. The engine system can be designed to accommodate a hybrid system, CVT or other advanced transmission. The project will be organized in phases with well-defined phase gates at the end of each phase.

14-Sep-09	7-Sep-09	Recovery Act: Development of Algal/Advanced Biofuels Consortia	Golden Field Office	DE-FOA-0000123	81.087	-	50,000,000	85,000,000	unrestricted	The full Funding Opportunity Announcement (FOA) is posted in FedConnect, and is found by going to https://www.fedconnect.net and clicking on ¿Search Public Opportunities.¿ Under ¿Search Criteria,¿ select ¿Issuing Office,¿ enter ¿Golden Field Office,¿ then click on ¿Search.¿ Once the screen comes up, locate the appropriate Announcement. In order to be considered for award, you MUST follow the instructions contained in the Announcement. The Department of Energy (DOE) Office of Energy Efficiency and Renewable (EERE) Energy through the Office of Biomass Program announces a notice of availability of funding for establishing Consortia for two primary topic areas ¿ development of Algae Based Biofuels, and development of Advanced Cellulosic Biofuels. The intended purpose of this Funding Opportunity Announcement (FOA) is to serve three primary goals of EERE: 1) increase the viability and deployment of renewable energy technologies, 2) spur the creation of a domestic bio-industry, and 3) dramatically reduce dependence on imported oil. Projects under this FOA will be funded, in whole or in part, with funds appropriated by the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act or Act). Apply through Fedconnect.net

17-Sep-09	10-Sep-09	Recovery Act Limited Competition: Core Facility Renovation, Repair, and Improvement (G20)	National Institutes of Health	RFA-RR-09-007	93.701			300,000,000	higher education	Purpose. This FOA issued by the National Center for Research Resources, National Institutes of Health, solicits applications from institutions that propose to renovate, repair, or improve core facilities. For the purpose of this FOA, a core facility is defined as a centralized shared resource that provides access to instruments or technologies or services, as well as expert consultation to investigators supported by the core. The major objective of this FOA is to upgrade core facilities to support the conduct of PHS supported biomedical and/or behavioral research. Support can be requested to alter and renovate (A&R) the core facility as well as to improve the general equipment in the core facility or to purchase general equipment for specialized groups of researchers. Specialized equipment over \$100,000 in cost cannot be requested as part of this FOA. In situations when similar core facilities exist in different departments at an institution, funding can be requested in support of centralizing these core facilities. This FOA is issued under the American Recovery and Reinvestment Act of 2009 (Recovery Act), Pub. L. No. 111-5. It is expected that all awards will be expended expeditiously and that applicants will consider the use of green technologies and design approaches. Awards are expected to create and/or maintain American jobs. Mechanism of Support. This FOA will utilize the G20 grant mechanism.

30-Sep-09	23-Sep-09	Supplemental Appropriations Disaster Relief Opportunity	Economic Development Administration	EDA10012008DISASTERSUPPLEMENTAL	11.307				state, local and tribal gov'ts, non-profits, higher education	For the Supplemental Appropriations Disaster Relief Opportunity, EDA will consider applications submitted by eligible applicants located in or acting on behalf of the disaster-affected regions, including one or more institutions of higher education; one or more of the States, cities or other units of local government; and economic development organizations, including but not limited to regional multi-jurisdictional District Organizations and public or private non-profit organizations working in cooperation with private for-profit organizations, local businesses and industry leaders.
30-Sep-09	23-Sep-09	Recovery Act - Partners for Fish and Wildlife Program	U. S. Fish and Wildlife Service	ARRA-PARTNERS-2009	15.656	-	25,000	9,000,000	Private landowners, Tribal Governments, local governments, state governments, educational institutions and organizations	The U.S. Fish and Wildlife Service is announcing the availability of funding under the American Recovery and Reinvestment Act of 2009 for habitat restoration through the Partners for Fish and Wildlife Program. The Partners for Fish and Wildlife Act authorizes the Secretary of Interior to provide technical and financial assistance through the Partners for Fish and Wildlife Program to private landowners interested in restoring, enhancing, and managing fish and wildlife habitats on their own lands. Under the American Recovery and Reinvestment Act of 2009 additional funding is available for habitat restoration through the Partners for Fish and Wildlife Program. These Recovery Act funds are available for habitat restoration projects that address high priority wetland, upland, or riparian habitats in selected geographic areas. Projects must provide direct benefits to Federal Trust species (i.e., migratory birds, threatened and endangered species, inter-jurisdictional fish, certain marine mammals, and species of international concern). It is a goal of the program to secure at least 50 percent of project costs from non-Service sources, but this goal applies to the national program as a whole, and does not have to be achieved on a project-by-project basis. Funding above \$25,000 for an individual project must be approved at the Washington Office level.

30-Sep-09	23-Sep-09	Recovery Act Funds - Environmental Internships	U. S. Fish and Wildlife Service	ARRA-FWS-09-010	15.656	1,000	500,000	5,000,000	State, County, City or township, Special district governments, Independent school districts, Public and Private higher ed, Tribes, Public housing authorities, Nonprofits, Individuals, For profit organizations other than small businesses, Small business	The United States Fish and Wildlife Service (USFWS) is an environmental Federal Agency with offices throughout the United States. Through on-site activities located at a variety of field stations, including wildlife refuges, fish hatcheries, and ecological services offices, individuals or groups will be introduced to natural resource careers through "hands-on" work with, and training by, natural resource professionals employed by the USFWS. The goal is to help develop a new generation of enthused and effective conservationists and ecologists. Each selected individual or group is given the opportunity to serve a seasonal on-site assignment, usually scheduled between June 1st and September 30th. During the assignments, individuals or groups are introduced to various real-world conservation and rehabilitation activities such as invasive species management, habitat restoration, wildlife management, and public education and interpretation, mixed with informal and formal training sessions directed by USFWS. The USFWS hereby invites submission of proposals from all potential sources willing and able to cooperatively administer a program for identifying and recruiting individuals or groups for assignments at various USFWS stations.

5-Oct-09	28-Sep-09	Recovery Act-Health Care Sector and Other High Growth and Emerging Industries	Employment and Training Administration	SGA-DFA-PY-09-01	17.275	2,000,000	5,000,000	220,000,000	Eligible applicants are public entities or private nonprofit entities that may include local Workforce Investment Boards and their One Stop Systems, Tribal organizations, education and training providers, labor organizations, health care providers, and faith-based and community organizations. The applicant must be the fiscal agent for the grant.	The Department of Labor (DOL, or the Department) announces the availability of approximately \$220 million in grant funds authorized by the American Recovery and Reinvestment Act of 2009 (the Recovery Act) for projects that provide training and placement services to help workers pursue careers within the industries described in the Background section, Part B of this SGA. The purpose of the high growth and emerging industries grants funded through this SGA is to teach workers the necessary skills for, and help them pursue careers in, health care and other high growth and emerging industry sectors. Eligible applicants include public entities and private nonprofit organizations. Additional specific eligibility guidance is included in Section III.A, "Eligible Applicants and Required Partnerships." ETA intends to fund 45-65 grants ranging from approximately \$2 to \$5 million. Approximately \$25 million of the total funds available through this Solicitation will be reserved for projects serving communities impacted by automotive-related restructuring, though the Department reserves the right to change this amount depending on the quantity and quality of applications submitted under this SGA. See full announcement for a list of communities impacted by automotive-related restructuring

6-Oct-09	29-Sep-09	Teacher Quality Partnership Grants Program Recovery Act (ARRA) CFDA 84.405A	U.S. Department of Education	ED-GRANTS-080409-001	84.405			143,000,000	Educational Partnership, including high schools and charter schools in partnership with Boards of Education. See link for details.	The purposes of the Teacher Quality Partnership (TQP) Grants Program are to: Improve student achievement; improve the quality of new and prospective teachers by improving the preparation of prospective teachers and enhancing professional development activities for new teachers; hold teacher preparation programs at institutions of higher education (IHEs) accountable for preparing highly qualified teachers; and recruit highly qualified individuals, including minorities and individuals from other occupations, into the teaching force. More specifically, the TQP Grants Program seeks to improve the quality of new teachers by creating partnerships among IHEs, high-need school districts (local educational agencies (LEAs)) their high-need schools, and/or high-need early childhood education (ECE) program. These partnerships would create model teacher preparation programs at the pre-baccalaureate or fifth-year level through the implementation of specific reforms of the IHE's existing teacher preparation programs, and/or model teaching residency programs for individuals with strong academic and/or professional backgrounds but without teaching experience. The TQP Grants Program may also support school leadership programs to train superintendents, principals, ECE program directors, and other school leaders in high-need or rural LEAs. See Federal Register for details, or click on the Opportunity Title. Electronic Application only.

8-Oct-09	1-Oct-09	Recovery Act Local Energy Assurance Planning (LEAP) Initiative	National Energy Technology Laboratory	DE-FOA-0000098	81.122	60,000	300,000		City or township governments	A goal of the American Recovery and Reinvestment Act of 2009 (ARRA), in part, is to: "facilitate recovery from disruptions to the energy supply" and "enhance reliability and quicker repair of outages." This initiative will create jobs at the local level and allow Cities to have well-developed, standardized energy assurance and resiliency plans that they can rely on during energy emergencies and supply disruptions. City governments will address energy supply disruption risks and vulnerabilities in their plans to lessen the devastating impact that such incidents have on the economy and the health and safety of citizens. This initiative, (restricted to U.S. cities) called "Local Energy Assurance Planning" (hereinafter called the LEAP Initiative) focuses on developing new, or refining existing, plans to integrate new energy portfolios (renewables, biofuels, etc) and new applications, such as Smart Grid technology (http://www.oe.energy.gov/smartgrid.htm), into energy assurance and emergency preparedness plans. Better planning efforts will help contribute to the resiliency of the energy sector, including the electricity grid, by focusing on the entire energy supply system, which includes refining, storage, and distribution of fossil and renewable fuels.

15-Oct-09	8-Oct-09	Recovery Act Limited Competition: Protection of Human Health by Immunology and Vaccines (U01, U19)	National Institutes of Health	RFA-AI-09-040	93.701				States, local gov't, tribal gov'ts, nonprofits, higher education, for profits, small business, independent school districts	This NIH Funding Opportunity Announcement (FOA), supported by funds provided to the NIH under the American Recovery & Reinvestment Act of 2009 (Recovery Act or ARRA), Public Law 111-5, invites new applications from single domestic institutions, or consortia of institutions, to participate in creating a network of human immunology profiling research groups. Applications are sought that propose to study human immune responses (1) following infection, (2) prior to and following vaccination against an infectious disease, or (3) prior to and following treatment with an immune adjuvant that targets a known innate immune receptor(s). The purpose of this FOA is to capitalize on recent advances in immune profiling to measure the diversity of human immune responses under a variety of conditions, using bioinformatic, multiplex, and/or systems biology approaches to study samples from well-characterized human cohorts and to measure aspects of the human transcriptome and/or proteome.

20-Oct-09	13-Oct-09	Recovery Act - State Energy Sector Partnership (SESP) and Training Grants	Employment and Training Administration	SGA-DFA-PY-08-20	17.275	2,000,000	6,000,000	190,000,000	State Workforce Investment Boards in partnership with their State Workforce Agency, local Workforce Investment Boards or regional consortia of Boards, and One Stop Career Center delivery systems	The Department of Labor (DOL) announces the availability of approximately \$190 million in grant funds to State Workforce Investment Boards of the 50 States, the District of Columbia, and the U.S. territories. In order to highlight the important role States play in building a national green economy, the Department is investing in workforce sector strategies that target energy efficiency and renewable energy industries. DOL encourages a strategic planning process that aligns the Governor's overall workforce vision, State energy policies, and local and regional training activities that lead to employment in targeted industry sectors. This strategic planning process is an opportunity to develop a statewide energy sector strategy through a comprehensive partnership and development of a Sector Plan. If an energy sector strategy is currently in place, that strategy should be reviewed and evaluated to address the requirements of this funding opportunity. As a result of this Solicitation for Grant Application (SGA), the Department is fostering the development of a national workforce that is ready to meet the demands of the energy efficiency and renewable energy industries. A portion of the funds under this SGA will be reserved for communities or regions undergoing auto industry related restructurings.

2-Nov-09	26-Oct-09	EPSCoR Research Infrastructure Improvement Program: Inter-Campus and Intra-Campus Cyber Connectivity	National Science Foundation	09-569	47.041 47.049 47.050 47.070 47.074 47.075 47.076 47.078 47.079 47.080		1,000,000	20,000,000	Only jurisdictions that meet EPSCoR criteria are eligible to submit proposals to the Research Infrastructure Improvement Program: Inter-Campus and Intra-Campus Cyber Connectivity (RII C2) competition. See link for details.	This is a program designed to fulfill the National Science Foundation's (NSF) mandate to promote scientific progress nationwide. The EPSCoR program is directed at those jurisdictions that have historically received lesser amounts of NSF Research and Development (R&D) funding. Twenty-seven states, the Commonwealth of Puerto Rico and the U. S. Virgin Islands are currently eligible to participate. Through this program, NSF establishes partnerships with government, higher education and industry that are designed to effect lasting improvements in a state's or region's research infrastructure, R&D capacity and hence, its national R&D competitiveness. The American Recovery and Reinvestment Act of 2009 will enable NSF to invest \$20 million in the Research Infrastructure Improvement Program: Inter-Campus and Intra-Campus Cyber Connectivity (RII C2). Awards made under this program will provide up to \$1 million for up to 2 years to support the enhancement of inter-campus and intra-campus cyber connectivity within an EPSCoR jurisdiction. These awards are intended to enhance broadband access for academic research and the utilization of cyberinfrastructure consistent with the jurisdiction's Science and Technology (S&T) plan. The inter-campus and intra-campus connectivity targeted by these awards is expected to broaden individual and institutional participation in STEM research and education activities within and among jurisdictions and to facilitate synergy among NSF EPSCoR Research Infrastructure Improvement activities.

30-Jun-10	23-Jun-10	EDA Recovery Act Funding	Economic Development Administration	EDA03102009RECOVERYACT	11.300 11.307				state and local gov'ts	Under this FFO, EDA will give priority consideration to those applications that will significantly benefit regions "that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring," as stipulated under the Recovery Act. EDA provides financial assistance to distressed communities in both urban and rural regions. Under the EDA American Recovery Program, EDA will help restore, replace and expand economic activity in regions that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring, and prioritize projects that will diversify the economic base and lead to a stronger, more globally competitive and resilient regional economy. EDA's economic development activities help create jobs by encouraging business inception and growth.
30-Sep-10	23-Sep-10	NIH Announces the Availability of Recovery Act Funds for Administrative Supplements	National Institutes of Health	NOT-OD-09-056	93.701 93.702				State and local gov'ts, school districts, tribal gov'ts, non-profits, public and private higher education, business	Recovery Act funds allocated to NIH specifically for comparative effectiveness research (CER) may be available to support supplements. Projects receiving these funds will need to meet this definition of CER: "a rigorous evaluation of the impact of different options that are available for treating a given medical condition for a particular set of patients. Such a study may compare similar treatments, such as competing drugs, or it may analyze very different approaches, such as surgery and drug therapy." Such research may include the development and use of clinical registries, clinical data networks, and other forms of electronic health data that can be used to generate or obtain outcomes data as they apply to CER. This announcement is one of three ARRA administrative supplement/competitive revision notices issued by NIH. Approximately \$1 billion of ARRA funds will be obligated by September 30, 2010 to support requests submitted in response to these three notices or any reissuance of these notices. This administrative supplement solicitation requests submissions in all scientific and programmatic areas funded by NIH. Support may be requested for up to 2 years for qualified grants (see eligibility section in full announcement). Multiple closing dates, see link for details.

16-Feb-11	9-Feb-11	Assisted Housing Stability and Energy and Green Retrofit	US Department of Housing and Urban Development	HUD-RA-01	14.318			250,000,000	Owners of properties receiving project-based assistance pursuant to section 202 of the Housing Act of 1959	Grants and loans will be made available through HUD's Office of Affordable Housing Preservation (OAHP) for eligible property owners to make energy and green retrofit investments in the property, to ensure the maintenance and preservation of the property, the continued operation and maintenance of energy efficiency technologies, and the timely expenditure of funds. Physical and financial analyses of the properties will be conducted to determine the size of each grant and loan. Incentives will be made available to participating owners. The terms of the grants or loans will include continued affordability agreements. Grant and loan funds must be spent by the receiving property owner within two years. Full detail of how to apply, and grant and loan terms, will be published in a Housing Notice within 60 days of the Recovery Act being signed into law (by April 17, 2009).
